School Playground Problem Solved By Co-operative Plan

Athletic Field Facilities Are Provided

Arrangements whereby ample playground and athletic field facilities for the children of Narberth may be assured have recently been suggested by the School Board. Providing such facilities has been one of the difficult phases of the development of greater school facilities since, like the school itself, the present grounds are no longer adequate for the increased number of children that must be accommodated.

At the present time there is a playground adjoining the school. But there will be no athletic field nor any well equipped place where the teams of the High School could hold their practice and entertain visiting teams after the new building is erected.

When it became clear that a new school building was imperative, the playground problem automatically came to the front and has occupied much attention on the part of the School Board in conjunction with other problems pertaining to the erection of the new building and its financing.

Had it been necessary to purchase additional land for use as an athletic field the problem would have been more serious, or entirely impossible of solution, for the cost of such a tract in addition to that of the building would have made the whole plan entirely out of the question.

Cooperation with the Narberth Playground Association, however, offers a solution which has appealed to many as being ideal from several points of view. It not only obviates the necessity of buying new land and thus obligating the Borough for additional funds, but it provides a mutually helpful plan both to the School and the Playground Association.

The tract now under the direction of the Playground Association is located in the western portion of the Borough immediately north of the railroad. When finished and fully equipped it would provide ideal accommodations for athletic teams of the High School, and thus prove to be the sports center of Narberth.

In discussing financial details of such a co-operative plan it was stated as the belief of the School Board that the school, being a part of the Borough, was, in a measure, entitled to some use of the new playground, also a Borough project—but only under conditions which would be mutually helpful. Thus the School Board stated its position as being willing to help in the financial maintenance of the playground, as a public asset.

Aside from the financial details, however, the plan is wholly desirable. During the summer months when the playground would probably be in great public demand, the school would have no use for it. Also during the fall, winter and spring months, when the school uses the grounds, their use would naturally come at times when the public would use it but little. Saturday afternoons, for instance, when most persons would want to take advantage of the playgrounds, the school would have no use for it, except on dates when games with visiting teams would be held, and then such would become a matter of general interest and increase the value of the grounds to the whole community.

All of this has been met in the co-operative plan suggested by the School Board. It is another link in building up a school system second to none along the Main Line. The Board has done its part in every respect. All that remains is for every voter to do his with equal certainty on election day. A vote for the School Loan on November 13 is a vote for a better school, better homes and a better Narberth.

NO FLOWERS—NO FLOWER SHOW

Perhaps the weather can be blamed for the small and late crop of dahlias in a good many gardens, but whatever the reason, it is certain that the flowers were not as plentiful as they have been during the past several years.

There were so few flowers of any kind at Elm Hall last Saturday afternoon that it was thought inadvisable to attempt to hold a show, as Narberth visitors expect quite a wonderful display, and are not usually disappointed.

The children were loyal, however, and prizes were awarded to Miss Ruth Walker, Miss Katherine Jane Miller and Miss Jean Staples for their entries, which certainly would have won prizes had there been any competition. The children's prizes can be had at the post office on Saturday, the 30th.

Let us start now to plan for a big flower show in early June next year and remember that now is the time to plant for spring flowers.

Entertainment By Boy Scouts

In Elm Hall Tuesday Evening October 3rd

The Narberth Boy Scouts Troop has announced an entertainment to be given in Elm Hall next Tuesday evening, Oct. 3, at 8 o'clock.

The admission charge will be 50 cents. There will be no tickets sold in advance, but those attending will pay at the door.

The proceeds of the entertainment, details of which are still somewhat of a mystery will be used to pay the balance of interest on mortgages against the meeting place.

Scout Notes

The reason we are not mentioning the nature of the entertainment we are going to offer at Elm Hall on Tuesday evening, Oct. 3rd, is because we want to spring a surprise on you.

One of the features we don't mind telling you is that during the hottest part of the World War, Mr. J. W. Patton, who was in the thickest of the fight overseas, took some pictures with a large camera of the battles, etc. These films were lost, as Mr. Patton was shell-shocked. After four years of silent searching these films were at last found and fortunately all in good order. These pictures were developed and now Mr. J. W. Patton who took the pictures, will himself show them on the screen and tell you all about them. This is the big feature and you should not miss this entertainment. The Boy Scouts will not enter into this entertainment, but you may be sure of spending a pleasant evening at anything at they may present.

There will be no tickets sold by the Scouts, but you pay as you enter. Proceeds to help pay the interest on mortgages on our meeting place. Be sure to come.

Fred C. Patten, Scout Master.

BASEBALL.

Narberth celebrated the last day of the baseball season by shutting out Media 1 to 0, Jeffries pitching.

The first three innings were uneventful. Then Davis, the first man up in the fourth, sent one of Harvey's slants to the score board for a three-bagger and scored on Humphries' single.

Davis again started the fireworks in the eighth, when he took first on a fumble, stole second and came home on Jeffries' triple down the right field line. Humphries, who had a base on balls, was caught at the plate by the throw in. Yowell took four wide ones and scored with Jack on Burns' double. Mickey made a try for the plate, but Fleck forced Townsend at third for the third out.

A LATE TRAIN

In changing the time table of Main Line trains, due to the lifting of Daylight Saving, the Pennsylvania Railroad has made one change which will be of considerable convenience to many Main Liners.

The last train at night, which formerly left at 11:55, has been changed, so that it now leaves at 12:15. This gives a much needed additional margin of time for theatre-goers, and others whose inclinations keep them in the city until after midnight.

Tennis Club Plans Country Fair

Big Event Scheduled For Middle of October

Sometime in October, as early as arrangements can be completed, the Narberth Tennis Association will hold a big country fair at its club house, Haverford and Montgomery Avenues. Besides the customary exhibits, amusements and attractions characteristic of fairs, there will be a big circus under the direction of Charlie McKillips and Jim Darville. This event promises no end of fun and Mr. Darville is canvassing the entertaining centers for unique acts.

The committee in charge of organizing the fair, headed by John Wine, is working with the idea of having everything in readiness by the middle of October. This would be an ideal time. The Club social season will open with a costume, mask dance on Saturday evening, October 28, at Elm Hall. Mr. Jesse Harris promises a fine evening and a high class jazz orchestra. Tickets may be procured from any club member, at Howard's Drug Store or from Mrs. Harris, phone Narberth 667 W.

Plans for the annual banquet are being completed and present indications are that it will be an elaborate affair. Frank Fritz, the club's building officer, has expressed his willingness to respond to the request of Arthur Staples and Bill Kirkpatrick to speak on the subject of the proper age at which a man should take a wife. Frank will limit his talk to 15 minutes. Those who were fortunate enough to hear him at the banquet last year will surely greet with joy this announcement.

Bill Tilden, champion tennis player of the United States, has stated his determination to play his postponed exhibition match on the Narberth courts. Mr. Tilden appeared here in the spring, but just as he started to play, it began to rain and the match was unfinished. As soon as a date is fixed by Mr. Tilden it will be announced in "Our Town."

Testimonial Dinner At General Wayne A Real Home Run

Citizens Turn Out To Acclaim Local Team

From the long ago of the King's Highway and on up to these our times, glad revelry and abandon have been the order of the day at the General Wayne, but the archives do not record nor memory recall the like of that which occurred at this historic and hallowed hostelry on Monday evening last, the 25th, the occasion of the testimonial dinner to the Narberth Baseball Team.

'Tis always good weather when good fellows get together, and a hundred strong they turned out, inspired by a fine spirit of community comradeship, by a desire to pay tribute to a band of blooded boys who had carried aloft the banner of the home town with a sportsmanship that was splendid to contemplate. During the season they had played their game to a local attendance of 17,000 and every team that came their way, victor and vanquished, knew when it left that Narberth had a ball team which was a credit to the community, one worthy of the very best.

Therefore, when word went 'round that some formal recognition was to be made of the excellent achievements of the club and its astute manager, Bill Crowell, again Narberth proclaimed its aggressive keynote, and a host of men who comprehended the inherent value of wholesome athletics in the life and progress of an American town came forth to pay their debt of praise and encouragement.

And a fine old night it was.

The toastmaster was the President of the club, described on signboards as Robert J. Nash, an appellation which Narberthites can only regard as an alias for "Bob." Standing under an electric light which ruthlessly revealed the fact that grass does not grow on a busy street, he eloquently proclaimed the spirit of the occasion, and called on "Bill" Crowell as his first speaker. Bill forthwith gets up and glares at the assembled guests as if he wants something more to eat besides the three

A most attractive wedding took place on Saturday, September 23rd, at 1:30 o'clock, when Miss Elenor Weber, of Conway Ave., became the bride of Warren Hall Thorne, of Philadelphia, at the Walnut Street Presbyterian Church, 19th and Walnut streets, Philadelphia. The bride was attended by Miss Margaret Heber, as maid-of-honor, and Mrs. Clifford Thorne and Miss Marion Graham as bridesmaids. THE TOWER OF BABBLE

By Collum Righter

I like to kill two men a day.
It helps me pass my time away.
To bump some unsuspecting bunch.
While briskly driving home from lunch.
As murdering children, too, is great.
Last week I got six; this week eight.
We've no idea how nice it feels
To crunch them underneath the wheels.
By being fairly reeks with gore,
I'm the Motor Murderer.

I gladly pay the fines imposed
For turning up the Public's toes.
And lay my money down with glee,
For killing is a joy to me.
Perhaps some day when extra merry
I'll buy a private cemetery.
And do my best to quickly stack it
With nice grave stones that read, "He Jacet."

'Twill then be grander still to whisk
Through Pearly Gates to Pax Vobiscum.
The finest sport of all, by far,
Is slaying with a motor car.

The above radiation from a turbid mind is respectfully and spitefully directed toward all motor-owning Narberthites who have promised to take us a ride in their respective vehicles and who, up to seven P. M. of the evening of September 25th, have failed to do so. The list is heavy. It comprises those in many walks of life, from literature to bankers, from production engineers to local managers of automobile sales agencies. Let 'em mind their bloomin' eyes how they go making promises, we say. That's all.

Without any doubt whatever, last week's Column was a joke, a frolic, a fizzle, a scream, a mess, a farce, a howl or any other name you may see fit to call it. Grammar was deliberately poisoned, syntax abolished, sequence mangled, prose throttled, poetry slaughtered. However, gentle readers, do not entirely empty the bucket full of censure upon my near-absent looks. Write to the editor if anything nicks within your chests. We are a well-meaning cuss and all that, but whenever our Esteemed Horn Goggled Chief leaves us stranded and seeks mental solace and physical torture amid the Poconos, something goes wrong with us. We shudder to think what might happen should he ever get as far north as Schenectady, for instance. Gosh!

The present uproar fomented by virtue of the denotation of our happy Borough from Class "B" to Class "D" in the matter of Fire Protection does not cause us to blink a solitary eyelash. We are glad of it. Class "D" has always been more comfortable than "B" anyway. Fact is, the last time we were in a "B" class we got the hives.

If we are destined to go down to the very bulb on the thermometer of the Philadelphia Suburban Underwriters' Association, so be it. Let 'em put us in Class "W" if they want to. We don't care. Doesn't it sound more comfortable like to drop from W to Z than from B to Z? Seems as though the distance wa'n't so great. Our friends the Italians have summed up the philosophy of the whole darn business in a proverb of theirs which declares that "e meglio cader dalla finestra che dal tetto." For a literal translation of which, we respectfully refer all ardent Towerites to either Frank or Vincent the bussens of our incomparable chauff line.

Then again, why go to the trouble and expense of bringing the Building Laws into the discussion? There is no room in Narberth for any more buildings, hardly, according to the reports ladled out by our auspicious Realtors, smooth-running and otherwise. So why stir up the tottering Building Laws? Leave 'em lay where they be!

The Column hereby felicitates Hon. Ex-P. M. Haws et ux et familia upon the silver wedding recently celebrated. It stirs up memories. When we were married twenty-five years, the thing that we remembered most vividly about the "anniversary" was a bill for some two hundred odd dollars that was tendered us next morning by the chocolate-hued proprietor of the catering concern charged with the gastronomic success of the affair. And the only thing that we got out of it was one solitary, dog-gone chicken sandwich.

We are peeved to the point of shedding briny tears. We had hired us a frock-a-way coat and lilac pants and had prepared a paper on "The Necessity of Gossip," being all primed to read it before the one hundred and seventy luncheon consumers at the October 17th combustion of the W. Community Club. But alas, the Bovering Gourd (pardon slip—error in composing room) has ignored us completely—has planned as utterly without us as though we did not exist. Even in face of this unfortunate "fox paw" though, we will be fair enough to say that the charming damsels turned out a perfectly dear volume of Constitutions and By-Laws. It is too sweet for anything. Its mouse-gray cover is simply adorable.

Shortage of Building Sites in Narberth

Narberth's growth has been consistent. This may be why our folks do not realize there is little available land in Narberth for home building.

Some are planning new homes and we cannot too strongly urge the selection of the building site before it is too late.

Or, for investment, the purchase of land with constantly improving property values will yield good returns.

NOT EASY TO REALIZE

Accustomed as we are to the benefits of gas, it would be difficult for us to imagine what our lives would be if we were deprived of this means of saving labor and time, and equalizing temperatures so that cold, cheerless rooms are made cozy, and stifling kitchens become pleasant places in which to work. We are so used to dustless, odorless and safe kitchens and improved cookery, that many of us do not stop to consider that we owe these improved conditions to Gas.

News of the Churches

THE OLD MERION FRIENDS' MEETING HOUSE.

Montgomery Pike, Narberth, was established 1682. Here William Penn worshipped, as well as many other noted Friends. One of the historical spots of America is open for worship every First-day (Sunday) morning at 11 o'clock.

First-day School closed during July and August.

ST. MARGARET'S CATHOLIC CHURCH

Sunday masses at 7 o'clock and 10 o'clock. On first and third Sundays the late Mass is a High Mass, followed by benediction.

Daily Mass at 8 A. M.

ALL SAINTS' EPISCOPAL CHURCH.

Rev. Gibson Bell, Rector.
Rev. Robt. B. W. Hutt, Associate Rector

October 1st, 16th Sunday after Trinity:

8:45 A. M.—Holy Communion.
9:45 A. M.—Church School.
10:00 A. M.—Mr. Hutt's Class.
11:00 A. M.—Morning prayer, Sermon and Holy Communion. Anthem, "O Pray for the Peace of Jerusalem." Knox, Baritone solo by B. S. Mellor. Sanctus, P. Armes.

This Sunday will find us in full swing again after the usual summer let-up, with Mr. Hutt once more assisting and the complete choir back on the job, under the able direction of Mr. David Spratt, organist. Mr. Spratt has accomplished wonders with the boys, having 23 from Narberth on his list and an average attendance at rehearsals of 20. The rehearsals are held several times a week, at 4 P. M. in the parish house. The Montgomery School boys will soon return, augmenting the number of boys available for church service to about 35. Mr. Spratt solicits further applications, however, so that he may always have a reserve from which to build up the choir capable of singing in church. This is an exceptional opportunity for any boys with some musical ability.

The adult choir has lost two members, Mr. and Mrs. D. D. Stickney, who have temporarily removed to Atlantic City. Some new members have been obtained, but applications are desired on all four parts, soprano, alto, tenor and bass. Rehearsals are on Thursday evenings at 8 P. M. It is desired to maintain a choir of about 8 sopranos and 4 on each of the other 3 parts. This number, supplemented by boys up to the capacity of the choir stalls, will enable us to carry out the elaborate program that Mr. Spratt has laid out for the year. He hopes to develop a choir second to none in the Philadelphia district, with the possible exception of one in the heart of the city.

A cordial welcome is extended to all, whether Episcopalians or not, to worship with us and partake of the spiritual benefits to be obtained from our beautiful and complete service. Our enlarged church edifice relieves the crowding that formerly prevailed. The new and comfortable Montgomery School bus, which we have the privilege of using, leaves from in front of White's Sweet Shop fifteen minutes before all services.

A CHECK IN THE MAIL—AND SOME OTHER THINGS.

Did you read our request for a charging tray printed just once in that very efficient town paper of ours? Then you will be interested to know that a check was received in the mail for the amount required for the tray, and then a small sum over for "extra guides." The next time that you come into the library look at the tray and notice how much more expeditiously the work is accomplished because of it, and note also how much more orderly and businesslike the distributing desk looks. We would like so much to disclose the name of the donor!

Then as if to prove how contagious generous impulses are, gifts have come to the library from many sources. Blue gummed signals will soon be placed on the backs of the free books to distinguish them from those for which the library has to charge. These labels are gifts. And when you see the new embossing stamp, bearing the legend, "Narberth Community Library," you will realize that the library has arrived and is ready to take its place, albeit a humble one, among all other libraries of the State. The stamp will emboss the name of the library on the title page of each book and on pages 21, 121, 221, and on as many 21's as the book contains, in order to broadcast the fact that it was in '21 that the library was established. Mr. Willis E. Blodgett, of Grayling avenue, has made this valuable contribution to the library.

A set of Encyclopedia Americana has been donated to the library by Mr. J. K. Ketchum, of Haverford and Hampden avenue, another large contribution of the works of Mark Twain have been received from Mr. Livingston, and a fine large bookcase which will answer a most urgent need of the library's expansion has been stored in the library by Mr. Jefferies.

And now we wish to tell "Column Right" that he is correct: the library shelves carry a complete set of the poems of Walter de la Mare, as well as those two fascinating novels of his, "Memoirs of a Midget" and the recently re-issued "The Return." We are always marvelling how much information it is possible for anonymity to acquire, and to dispense.

OUTING

The annual hike of the Men's class of the Narberth Presbyterian Church will be held this afternoon. The trip, which will be to Valley Forge, involves a one-mile hike from Betzwood, and any men wishing to join will find a hearty welcome. Please notify at once: C. C. Tyson, 226 Sabine Ave.

CHORAL GOSSIP

There was a general misunderstanding that the first regular rehearsal of the Narberth Choral Society was scheduled for Monday evening, October 2, whereas the correct date was Monday last, Sept. 25. If members and applicants will faithfully subscribe to and read "Our Town," they will always have a regular reminder of all choral data before them.

However, some very attractive music was given out last Monday evening which was unanimously pleasing. After rehearsal Prof. Niece was hurried to the baseball banquet to enlighten the scene with community singing, and add a little to the entertainment. After many convincing manifestations, Prof. Niece has been voted one of the most enthusiastic and clamorous baseball fans in Narberth, not to say anything of his ability as a ball player, which was displayed to advantage during the past summer.

Among new applicants welcomed into the Society on Monday are Mrs. Emory S. Wetherill, of Overbrook; Mrs. Paul Loos, of Sherley Road; Mrs. Geo. N. Gill, of Dudley Avenue; and Mr. C. P. Williams, staying at the Windsor-Essex.

Mrs. Stanley G. Flagg, Jr., Chairman of the Bryn Mawr Auxiliary, of the Seamen's Church Institute, recently presented Prof. Niece with a pair of platinum cuff links in recognition of the successful concert produced under his management at Bryn Mawr on June 10 last. The Choral Membership is greatly pleased that its own appreciation of the ability and efforts of its Musical Director is being recognized and voiced outside the organization as well as in.

Mr. Erl Beatty, professional accompanist for the Choral and a composer, has just returned from a tour of Europe this summer. He gave a most interesting sketch of European life at the first meeting of the Society. A very pertinent fact brought out by Mr. Beatty, of especial interest to the singers, was that music is a decided part of every day living in the old countries, and that all musical concerts are attended by children as well as adults, practically daily. They cannot get enough music into their lives. An atmosphere of this kind would be a wonderful acquirement for our own little community.

The names of two members on the records will soon have to be changed, due to a change of heart! Mrs. Katherine Trowbridge will still remain a

ABOUT THE SCHOOL LOAN

Perhaps there are some in Narberth who feel that they should vote against the School Loan. They may have certain points in mind which stand in the way of their full support of it. Such cases possibly come from unfamiliarity with all of the details connected with the project. In others, false impressions may have been gained.

In order that every voter in Narberth may become entirely familiar with the school problem as it exists today and as it touches upon the School Loan, "Our Town" will open its columns to questions and answers pertaining to the Loan.

The major reasons why the School Loan is imperative are discussed each week in "Our Town." But it is obviously impossible to cover every point which might arise in the minds of every one of us. The question and answer column will serve this purpose.

Use it. Ask questions that are not clear to you. They will be answered as rapidly as possible and the answers will help you to vote intelligently when the School Loan comes up for vote on November 15th.

the "T.N." however, and reside in Narberth, retaining her membership; but Miss Marguerite Mueller must be now placed among the "D's", and will live in Palot, commuting to rehearsals on Monday evenings. We are glad we are not losing either one of these brides.

We did lose one bride—Miss Florence Hansell, of Montgomery Avenue, who married Mr. Robt. Bishop, and moved to Cayuga, New York.

Rehearsals are held regularly every Monday evening at the Y. M. C. A. building, 8 o'clock sharp. Prof. Niece or Mr. E. B. Mitchell, 1274 M., will receive applications for membership for a limited period.

BANQUET.

Continued from Page 1

portions of chicken and waffles which he had already had. He declares himself an oratorical bankrupt and then proceeds to deliver an address which had all the earmarks of long and careful preparation, one that brings down the house with a bang. He made use of his peroration to distribute hand-some souvenirs to all the players, a gold baseball in miniature inscribed with "Narberth 1922." And then came the presentation to Bill himself of the 12-quart traveling bag to convey in some slight degree the town's appreciation of his steadfast and highly effective efforts in developing the ball team to its present sterling standard.

The next speaker was our friend and neighbor, Ben Ludlow, of Ardmore, who first tried out our learning by using a big word wrong, and then when he saw that we knew it was wrong, on account of Fletcher Stites being there to put us wise, he got careful and gave us a good talk about Narberth helping Ardmore to amount to something. We didn't make any promises, but we thought at the time it was a pretty big order.

Then came up Fletcher himself. Bob called him Senator. Those realtors are dumb like a fox. Ah, friends, contemplate the versatile gifts which you know are already possessed by the esteemed neighbor on whom the toga is now about to descend and then add to the warning list the exemplary quality of marvelous restraint, for, extraordinary to relate, he did not recite "Casey at the Bat" and never once did he make mention of it. Instead he regaled us with reminiscences of ball days long gone by, of the Narberth teams of yester year, and there wasn't a man in the spellbound crowd who didn't believe that most of what he said was true. Is it any wonder that he holds us all so snugly in the hollow of his hand?

Enter here one Clarence Niece, bewildered and bedeviled, because he was dressed like one of the waiters. After a short conference, it was decided that he had better button his coat up around his neck, and turn up his trousers, which he did, and then started the singing. Let emotion fill your soul and let gracious charity reign supreme. Oh, the ghost-like shrieks of the Conestoga waggoner, that noon of night of long ago strident with pibroch thrills, the yelp of the hounds as they harried their prey! Let facile pen come here and rescue this dilemma. Describe, ye poet, that guttural gush which Fred Walzer didst render this night, that wined wail which Bill Howard did emit, that lachrymose lamentation which John Miller did peal forth! And wonder not that in the cemetery hard by grave men and earnest women long since dead beshook their soil, their blessed rest disturbed, and looked out on an earth that rocked and reeled, that groaned and grieved in supplication for rescue from the raucous riot that now beset it! Oh, why was Philip Livingston away?

It was an excellent affair and one that should be repeated soon.

WHY HE DECIDED

"Why have I never married?" the confirmed bachelor repeated a leading question. "Well, once upon a time in a crowd I trod on a lady's gown. She turned, furiously, beginning 'You clumsy brute!' Then she smiled sweetly, and said 'Oh, I beg your pardon, I thought you were my husband. No, it really doesn't matter in the least.'"

And when I came to think it over I decided that I'd better let marriage alone."
